

## **Our 2020 CSR Performance verified by EcoVadis**

---

### *EcoVadis grants us Gold Recognition on Corporate Social Responsibility (CSR)*

For the fifth consecutive year [EcoVadis](#) granted Royal HaskoningDHV (Group) the Gold label on our Corporate Social Responsibility (CSR) practices. This means our company is listed in the top 5% performers - within the category Architectural and engineering firms and in the top 2% overall CSR performance in all categories. The global supply chain & purchasing index is highly valued in the industry.

#### **Why?**

As a consequence of national and international policies partly driven by external guidelines and legislation (e.g. UN Global Compact, UK Bribery Act), CSR and Integrity are becoming more and more a part of the procurement procedures of multinationals and governmental agencies. EcoVadis verifies CSR information of companies and institutions and enables CSR dialogue which is based on reliable information.

#### **What?- Sustainability Standards & Themes**

The Gold label covers international standards on Sustainable Development like [ISO 26000](#), [UN Global Compact](#) and Global Reporting Standards ([GRI Table](#)). The assessment includes environment, labour practices & human rights, fair business practices, anti-corruption and sustainable procurement. We value these subjects highly and we have integrated these in our business processes. We are proud that this is recognised by EcoVadis by granting us the Gold label for the fifth consecutive year.
